Save

LETS YOU ARCHIVE DOCUMENTS ON DISKETTE

This icon appears in the "Master Carte" window of the Program Manager.

Don't forget to insert a formatted diskette in the drive.

Saving to a diskette

The save program lets you archive one or more documents on diskette. Select a document by one left click ; to select several documents hold the CTRL key down and click with the left button again for each document.

Careful

The logos contained in the documents are not saved at the same time as your document; they remain on your hard drive.

Since they can take up a lot of disk space, you must save them separately. Therefore, your diskette may contain several hundred documents

Click the right yellow arrow => to get the list of your selections and click "Copy" to archive.

Comments

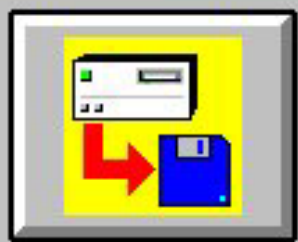

When you copy your documents onto a diskette, they are not deleted from your computer, they are simply copied onto the diskette.

Retrieving from diskettes

For the Retrieve program, execute the same procedure as for selecting and click "Copy," to retrieve one or more document(s) into Master Carte Windows.

Deleting documents

Completely deletes the documents selected via the same procedure.

Backup to disk

CAUTION : The logos contained in the documents are not safeguarded on the floppy disk
You must safeguard your logos separately.

Restore from disk

CAUTION : You must insert a floppy disk first before starting the safeguarding.

Delete

CAUTION : The suppression of document is definitive.
